Did You Know? The C.A.R.E. Kit Can Save Lives!

A graphic for the Women's C.A.R.E. Kit. It features a white background with a thin gold border. On the right is a line-art silhouette of a woman's torso and head, with a crown of roses on her head. On the left, the text reads: "Women's C.A.R.E. KIT" in a mix of script and bold sans-serif fonts, followed by "CHEMICAL ABORTION RECOVERY & EVALUATION" in a smaller sans-serif font. The bottom of the graphic is a dark purple wavy shape containing two lines of white text: "WE KNOW THIS MAY BE A DIFFICULT AND UNCERTAIN TIME FOR YOU." and "IF NO ONE HAS TOLD YOU YET TODAY—YOU ARE STRONG, AND YOU MATTER." There are also purple rose illustrations in the bottom left corner of the graphic.

"No one told me I was going to see my baby."

A new educational tool is being used in pregnancy centers across the country. And Life Care Pregnancy Center is honored to offer this critical information to our abortion-determined clients. The [C.A.R.E. \(Chemical Abortion Recovery and Evaluation\) Kit](#) assists to meet women where they are at with the proper

information designed to inform them of the physical, emotional, and spiritual trauma they may experience.

[Sadly, many women report feeling blindsighted by the chemical abortion process.](#) It's important for women to know what they will see after giving birth to this baby, and not mutter the words *"No one told me."* This special tool walks a woman through the harrowing process of a chemical abortion, providing her with the details and knowledge about her baby, while offering her a chance to change her mind.

The kit has the power to prevent an abortion or reverse it (through information on the abortion pill reversal), allowing the woman a moment to pause and thoroughly contemplate the details of this life-changing situation.

Will you join us in praying for more lives to be saved through this invaluable tool?

What else can you do?
