Pregnancy Center

Offering Hope and a Future

Did You Know?

DADS MATTER

The father of the baby is the most influential - and the most consulted individual regarding whether or not the mother chooses life for her child. However, [studies](#) show that nearly one third of men stayed silent when faced with an unexpected pregnancy. The [psychological repercussions](#) from abortion also affect men, with 40% experiencing PTSD. Other statistics show 88% reported feelings of grief, 82% guilt, and 77% anger.

Fathers matter. And they matter from the moment of conception.

According to the [U.S. Census Bureau](#), 19.5 million children (more than one in four) live without a biological, step, or adoptive father in the home.

When dads are involved, children are more successful.

Children of involved fathers are:

Twice as likely to go to college
80% less likely to spend time in jail

75% less likely to experience a teen pregnancy

Children in father-absent homes account for:

71% of high school dropouts
90% of homeless and runaway children
63% of youth suicides

What can you do?

Pray.

Share the truth. Educate everyone you meet.

Get involved to change the trajectory of our culture.

Pray more.
